Workshop Pre-Evaluation

The *Quilt Index* (QI) is a growing library and research archive, currently undergoing development and expansion funded by the Institute for Museums and Library Services (IMLS) and the National Endowment for the Humanities. We want to learn how best to develop it to meet the broad needs of a diverse community. This evaluation will help us develop the QI to meet your needs. Kindly answer the questions below. All results will be kept confidential. Thank you.

1. Please indicate how well each of the three categories describes your work with quilts, where a (1) indicates not at all, and a (7) indicates a nearly perfect fit.

Researcher	1	2	3	4	5	6	7
Teacher	1	2	3	4	5	6	7
Quilter	1	2	3	4	5	6	7

2. Please estimate how many quilts you have made. _____

3. Please estimate how many times you have used a database to investigate a research question. _____

4. Please help us understand where you typically focus your attention when working with quilts by answering the questions below.

A) Do you tend to focus on one quilt collection or across several quilt collections?

Within	1	2	3	4	5	6	7	Across

B) Do you tend focus on one quilt pattern/style or across several patterns /styles?

Within	1	2	3	4	5	6	7	Across

C) Do you tend to focus on the work of one quilter or across the work of several quilters?

One	1	2	3	4	5	6	7	Several

D) Do you tend to focus on quilts from one geographical area or across several geographical areas?

Within	1	2	3	4	5	6	7	Across

5. Please briefly describe a research project (i.e., research question and evidence) you believe would make good use of a quilt database, and indicate where you might publish the results.

Question:_____
_____
_____
_____
_____
Evidence:_____
_____
_____
_____
Publication:_____

6. Please briefly describe a teaching / learning exercise or project (in class or independent) that would make good use of a quilt database. Indicate the grades and courses for which it would be appropriate:

_____
_____
_____
_____
_____
_____
_____
_____

Part II: Please briefly tell us about yourself:

Age in years: _____

Occupation(s): _____

Gender: M / F

Thank You

Workshop Post-Evaluation

Please help us understand what you learned from participating. Kindly answer the questions below. All results will be kept confidential. Thank you.

1. Please indicate whether you feel you could now improve your research design, with a (1) indicating not at all, and a (7) indicating almost completely.

1	2	3	4	5	6	7

2. Please briefly indicate how you would modify your research project and indicate where you might publish the results:

Question:_____
_____
_____
_____

Evidence:_____
_____
_____
_____

Publication:_____

3. Please indicate whether you feel you could now improve your teaching/learning exercise, with a (1) indicating not at all, and a (7) indicating almost completely.

1	2	3	4	5	6	7

4. Please briefly describe how you would modify your teaching/learning exercise and indicate the grades and courses for which it would be appropriate:

_____
_____
_____
_____
_____
_____
_____
_____
_____

5. Please tell us how the *QI* can better support research projects. Remember, anything goes. Feel free to suggest features, design, collections, anything.

_____
_____
_____
_____
_____
_____
_____
_____
_____

6. Please tell us how the *QI* can better support teaching/learning exercises. Again, anything goes.

_____
_____
_____
_____
_____
_____
_____
_____
_____

Part II: Workshop Assessment

1. Please indicate how well the workshop met your expectations, where a (1) indicates not at all, and a (7) indicates a nearly perfect fit.

    1   2   3   4   5   6   7

2. Please tell us what part of the workshop you found most useful and why.

    _____
    _____
    _____
    _____

3. Please tell us what part of the workshop you found least useful and how it might be improved.

    _____
    _____
    _____
    _____

Thank You
