Now Is Time to Get  
New Quilt Leaflet

The first pattern for the beautiful Nancy Page Bouquet Garden quilt appeared in Sunday's issue of The Detroit Free Press.

Hundreds of women who have ordered the direction leaflet to aid them, will begin work on the quilt, which is one of the basic designs of the quilt.

Those who have not ordered their direction leaflet and who are interested in making the quilt either now or later, should do so now. The leaflet will be sent free to any reader of The Free Press sending a stamped, addressed envelope to Nancy Page in care of The Detroit Free Press.

**L**IFE is one degree easier for the housewife who wisely makes a practice of depositing peelings, while preparing vegetables for cooking, directly into sanitary moisture-proof bags made to fit in ordinary waste-paper baskets. Thus, she eliminates necessity of digging several times into a mass of loose papers, wadded-up bags and mixture of other moist refuse. Instead, she brings the top of the bag together, lifts it out in one operation and deposits in wherever customary.
