## Beautifully Colored Quilt Patterns.

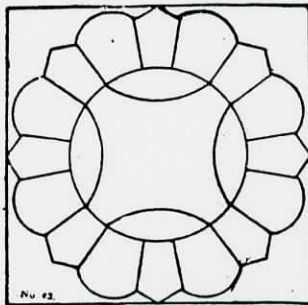

### Names of Patterns.

The following Miniature Diagrams can give you but a faint idea of the beauty of these patterns, being here reduced to so small a size, the details are imperfectly brought out. The diagrams are printed on heavy card board and artistically colored, so as to give some idea how the finished blocks would look, being also suggestive of effective colors to use in making up the blocks. Though, of course, the combination of colors can be varied in a hundred ways, to suit individual tastes and fancies:

## Finished Blocks to Order.

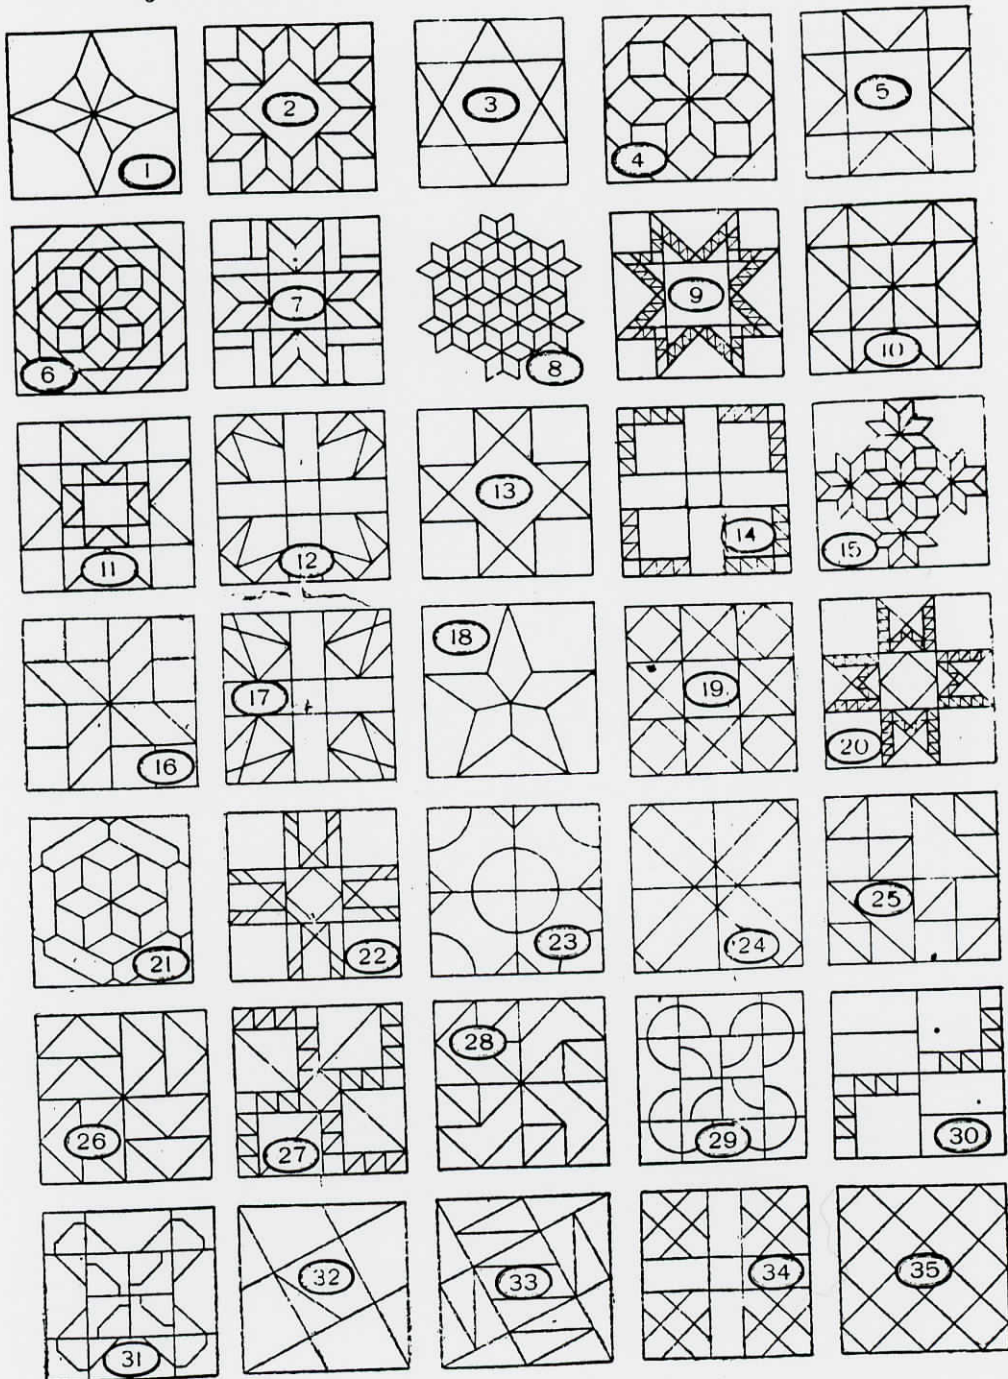

We will make up finished blocks to order from any diagram in this catalogue, of any size, and of any material, as Silk, Woolen or Calico. It will be impossible to quote any prices here, as there are such a large number, some of which are simple and require little labor, while again others are very complicated and would take many times the amount of labor of other patterns, consequently the prices will be as various as the patterns. Then again the kind of material the block is made from, will make a considerable difference; also the number of blocks of one kind you want, will make a difference in the price. The price per block will be less if you take six or more, than a single block would be. They will be worked in the neatest and most artistic manner, and will be sure to please the most fastidious taste. Also, in making finished blocks to order, we can make them of any size desired. Write us full particulars of what you want, enclosing a two-cent stamp, and we shall be pleased to quote you prices. We will undertake to make up a whole quilt, from diagrams of your own selection. Materials furnished and orders taken for any description of Fancy Work, Painting, Embroidery, Lace Making, Tissue Paper Flowers, etc.
