**No. 6018—POMEGRANATE**

This gorgeous old-fashioned pomegranate design, with its simple outlines, always appeals to the quilter.

Five appliqued and four plain 16-inch squares, with a 15-inch appliqued border, make a quilt 78x78 inches.

The following colors are used for the applique flowers: green for the center, next apricot, then dark yellow, and light yellow. The leaves and stem are green.

The lines of this design are especially good to follow for quilting, while for the plain squares a simple conventional design should be used.
