INSTRUCTIONS FOR ORDERING

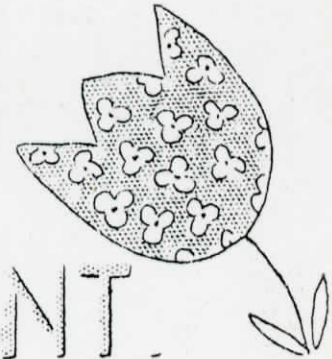

1. Write your name and full address plainly in every order.
2. Keep an exact copy of your order.
3. Give the exact number of merchandise and name as printed in our catalog.
4. Orders, if correctly filled, will not be taken back or exchanged.
5. Orders for less than 25c will cost 2c extra for mailing.
6. For written answers by mail, send a self-addressed stamped envelope.
7. **Don't send postage stamps; we get more of them than we can use.**
8. Do not send local checks unless unavoidable. They delay your order, as all local checks are held until clearance is made. If you must remit by local check, add 4c to the amount for collection charges.
9. Bank Drafts on New York, Chicago, Philadelphia, Boston, and St. Louis are acceptable at par.
10. Remittances by Post Office or Express Money Orders are preferable. As much as 50c in silver may be sent in a letter without causing the letter to outweigh the 1 ounce limit. Silver should be well wrapped in a piece of paper or sewed in a piece of cloth; don't stick or fold coin in heavy cardboard; it will not stay there and overweighs the letter. Don't send a lot of nickels and pennies; they also overweigh your letter, calling for short postage at this office.
11. Canadian patrons are requested to remit by Post Office or Express Money Orders. Do not send Canadian Stamps.
