

Nº 2957- BUCILLA BLOCK. MADE IN U.S.A.

BUCILLA PILLOW OR QUILT BLOCK NO. 2957

Cut out patches on lines, place on guides according to numbers (number 1 first, then 2 and so on in rotation) and baste to hold in place. Split the Six Strand Bucilla Cotton and use four strands for the darning and two strands for the buttonhole. Embroider buttonhole stitches over edge of patches as shown on chart.

Less than one skein of each color is required for one pillow or one quilt block. When embroidering more than one block, judge the amount of skeins required using the first block as guide.
