SUGGESTIONS FOR CUTTING

Trace pieces of the pattern on light cardboard or sandpaper and cut out. Use these cardboard or sandpaper pieces as cutting guides. The most accurate method is to lay cardboard or sandpaper pieces (rough side down if sandpaper is used) on the material and mark around edge with pencil. Cut out on pencil lines. Lay straight edges of the patterns parallel with the threads of the material.

QUILTING--Quilt along all the seams of the piecing. Use our quilting design No. Q44 (2-inch width) and same in 5-inch width for plain strips and border.
