

THE ASTER QUILT OR FRIENDSHIP RING

THE ASTER QUILT USES MANY VARIEGATED PRINTS

Kansas City Star 1930

This is a quilt that, like the Wedding Ring, uses as many variegated prints as can be assembled, hence the "Friendship Ring" part of it's name. Sew the twenty petals together, then turn in around the outside scalloped edge and whip onto a fifteen or 16-inch background of white or unbleached muslin. The center circle whips on last to finish the block and the white underneath may be cut out if so desired. Twenty-five blocks make a full size quilt, or twenty a twin size, with border as sketched. SEAMS NOT ALLOWED.
