DESCRIPTION OF PATTERNS

This catalog illustrates some of the popular Mountain Mist Quilt Patterns for piecing, applique or all quilting the quilt-top. A complete list of all Mountain Mist Quilts is also shown. All patterns listed are available.

MOUNTAIN MIST QUILT PATTERNS are outline patterns printed on strong paper. The directions give all the needed information, including color suggestions and the amount of material required for each color or print. The patterns has actual size diagrams of each and every part; placing guides, a diagram of the finished quilt and complete instructions for every step. Quilting plans are worked out for each quilt pattern and an actual size pattern is given for use in marking. The patterns are easy to use and easy to understand. Beginners, as well as experienced quilt makers, find Mountain Mist Patterns satisfactory in every detail.

PERFORATED PATTERNS for marking the quilting design on the quilt-top are shown in a separate catalog. CATALOGS will be sent without charge upon request if you will send a stamped self-addressed envelope — no smaller than 6 1/2 x 3 1/2 inches.

Mountain Mist Patterns are not sold in stores. The production of these patterns is not a money-making venture, but a service to the users of Mountain Mist Quilts. Mountain Mist Patterns provide quilt-makers with designs that are better than ordinary at a moderate price. By offering them to our customers we hope to encourage more people to make more quilts.

HOW TO SEND MONEY. We accept United States postage stamps for small amounts, but rather than send coin or currency, we suggest a Postal Note which you can buy at any U.S. Post Office. Canadian and Foreign customers will please send International Money Orders. We do not accept foreign coin, currency or postage stamps. Send **60c** for a 1.00 Postal Note.

MOUNTAIN MIST... The Perfect Quilt Fillings

MOUNTAIN MIST Quilt Fillings come in large seamless sheets. Mountain Mist Cotton — 81 by 96 or 81 by 108 inches. Mountain Mist Dacron® Polyester — 81 by 96 or 90 by 108 inches. All of these fillings are pure white — so white that they will brighten the colors of the quilt-top.

Both surfaces of these fillings are covered with "Glazene"™ which is a polyester-like covering of the surface fibers — so soft and thin as to be almost invisible. "Glazene" enables us to use a fiber — cotton or Dacron polyester — carded to a uniform thickness; to hold that thickness during manufacture and to maintain it in the hands of the quilt-maker. It prevents stretching of the batting. "Glazene" is the reason MOUNTAIN MIST is so smooth and even without "hills and hollows." It cannot stretch to thick and thin places causing difficulties in quilting and poor results. "Glazene" eliminates linting and scuffing. The fibers do not cling to everything they touch and are easily adjusted when fitting to the quilt-top. The Professional Quilter says that MOUNTAIN MIST is a joy to handle and to use. The new quilter finds that it simplifies learning to quilt.
