

Perforated Patterns

The perforated patterns for making the quilting designs on the quilt top are shown at the right. The patterns are prepared in sheets of four or five designs which are perforated through heavy white paper so that they may be used time and time again for marking the quilting designs on the quilt-top. Directions for using these patterns are printed on each sheet. All you need to transfer the perforated pattern to the quilt is: pattern, *Dressmaker's* Carbon Paper and a soft pencil.

Blueprint for making a Quilting Frame

The Mountain Mist Quilting Frame can be made from the blueprint by anyone handy with tools. The blueprint gives all dimensions; has a list of needed materials and complete directions. Order Pattern "Q" . . . 50¢.

The Mountain Mist Blue Book of Quilts with color illustrations, and instructions on quilting is available for \$1.00.

DESCRIPTION OF PATTERNS

This catalog illustrates some of the popular Mountain Mist Quilt Patterns for piecing, appliqueing or all quilting the quilt-top. A complete list of all Mountain Mist Quilts is also shown. All patterns listed are available.

MOUNTAIN MIST QUILT PATTERNS are outline patterns printed on strong paper. The directions give all the needed information, including color suggestions and the amount of material required for each color or print. The pattern has actual size diagrams of each and every part; placing guides; a diagram of the finished quilt and complete instructions for every step. Quilting plans are worked out for each quilt pattern and an actual size pattern is given for use in marking. The patterns are easy to use and easy to understand. Beginners, as well as experienced quilt makers, find Mountain Mist Patterns satisfactory in every detail.

ENJOY working with MOUNTAIN MIST

1. Unrolls and unfolds without sticking or peeling.
2. Handles like cloth — ideal to manage and adjust.
3. Lays smoothly — no folds or ridges.
4. Spreads evenly — stays in place.
5. Does not stretch thin.
6. Even all-over thickness means neat, even quilting.
7. Needles easily to make fine stitching possible.
8. Quilt launders beautifully.
9. Quilting design puffs out more with quilt's washing.
10. Without the "Glazene"®, all these benefits would not be possible.

MOUNTAIN MIST Quilt Fillings come in large seamless sheets. Mountain Mist Cotton — 81 by 96 or 81 by 108 inches. Mountain Mist Dacron® Polyester — 81 by 96 or 90 by 108 inches. All of these fillings are pure white — so white that they will brighten the colors of the quilt-top.

Both surfaces of these fillings are covered with exclusive "Glazene"® which is a gossamer-like covering of the surface fibers — so soft and thin as to be almost invisible. "Glazene" enables us to use a fiber—cotton or Dacron Polyester—carded to a uniform thickness: to hold that thickness during manufacture and to maintain it in the hands of the quilt-maker. It prevents stretching of the batting. "Glazene" is the reason **MOUNTAIN MIST** is so smooth and even. It cannot stretch to thick and thin places causing difficulties in quilting and poor results. "Glazene" eliminates linting and pilling. The fibers do not cling to everything they touch and are easily adjusted when fitting to the quilt-top. Professional quilters say that "MOUNTAIN MIST" is a joy to use. New quilters find that it simplifies learning to quilt.
