HOROSCOPE QUILT—LEAFLET NO. 10

**H**ERE is a chart showing how your Horoscope quilt is to be put together and very little in the way of description would be required.

You should now have four center squares with zodiac signs, dates and name of sign, each of these surrounded by four rectangles and four

corner squares, and in each of these corner squares is a plain star.

Now you can see how the nine-patches are used in the joining of the quilt; and remember the stars in these are all of different patterns and colors of material.

When you have your four blocks

together be sure to drop a line to the Quilt Club Corner and tell how you like the layout of the quilt. You do not even have to wait until the blocks are together, for you can tell from the illustration on this leaflet just how well you are going to like it; and surely you just can't help but think it is unusually attractive.

**The "Beauty in the Home" column has some interesting hint, suggestion, or presents some new idea relative to home beautification every day on the Women's Pages of THE DETROIT NEWS, THE HOME NEWSPAPER.**
