# Two Types of Furniture Create Charming Room

By EDITH B. CRUMB.

This department seeks to give assistance to all who are interested in beautifying their homes and will be glad to answer questions pertaining to interior decoration. In order to serve all who seek advice promptly no more than three problems will be discussed in any one issue. Readers are invited to write to this department as often as they wish, but to limit each letter to three questions. State your questions clearly, write only on one side of the paper, enclosing a self-addressed, stamped envelope, and address Beauty in the Home Department, Detroit News. Letters with their answers will be published for the benefit of all homemakers, but names and addresses will not be made public.

There is a certain elegance to the furniture of the late 17th and early 18th Century that is difficult to find in other periods, for it is simple and yet rich and very substantial.

The William and Mary sideboard and Queen Anne table and chairs shown in the room in the accompanying illustration are examples of furnishings which may be combined in the same room.

The background is an important item for furniture of this type and the paneled walls, while a little later than the furniture, are formal enough to be in keeping with the scheme.

Green is one of the most effective colors to use in a Queen Anne room and one scheme which would be charming includes walls of deep ivory with the moldings picked out in antique gold and the floor covered with gray green carpeting.

For the glass curtains silk gauze made to traverse does away with the necessity of roller shades and for the over-draperies of green damask, lined, interlined and trimmed with green braid, finished floor length and put up with a flat shaped valance.

By way of contrast the chairs might be covered in dull gold damask or brocade, the latter being more interesting and if one could find one in a lattice and bouquet design it would be more effective. Of course a soft leather would also be a very good choice for the covering of the chairs and it may be in dull brown or deep yellow.

Another scheme shows walls of light green with the moldings either the same or picked out in dull gold; floor covering of very dark red carpeting, glass curtains of pale gold gauze, over-draperies of damask to match and dull green antique satin or soft leather for the furniture coverings.

## Horoscope Quilt Pattern No. 23

There is now ready and waiting for you the leaflet with the 23rd pattern of the Horoscope quilt on it. No doubt you are very anxious to have it for the quilt is now progressing so rapidly that one feels more like working fast on it and those who have kept up with the patterns each week must find the work quite easy.

Those who started later find it equally as interesting but have to hurry a bit more. However, no matter when it is started, it is lots of fun and all are glad that they have started this fascinating pattern.

To receive this leaflet, just send your request for it to the Beauty in the Home Department, The Detroit News, enclosing with it a self-addressed, stamped envelope.

If you prefer, you may call for this reprint from The Detroit News at The Detroit News Public Service Bureau in either the Majestic Building or the General Motors Building where it will be given you free of charge.

radio talks. I think it is wonderful of The Detroit News to let us have the Quilt Club Corner and to furnish us the beautiful patterns from which to make the quilts.

We are a club of 13 members and we do have such good times, meeting at the different homes to work on our quilts. We are all anxiously striving to get our quilts finished before the contest. There are seven Dresden Plates being made in our Club and the others from various News patterns, one from the Tulip pattern in the Wonder Package.

We would all like to become members of the Beauty in the Home Quilt Club and enclosed you will find 13 applications for enrollment.

My Dresden Plate is beautiful and several of us have also started the Double Wedding Ring and like it very much.

Our church group is also making a Dresden Plate, each member donating patches for a block.

MRS. C. J. L.

That was a nice surprise—to have those 13 enrollment blanks all at one time and thank you so much for sending them.

The quilts must be lovely and very interesting to have so many being

I am keeping all the Club letters and will paste them in a book. What an interesting book it will be. MRS. MARVIN SPRAGUE, 207 Glendale avenue, Highland Park, Mich.

Yes, Mrs. Sprague, suggestions are starting to come in for a theme song and perhaps one can be found before long. I hope Mrs. H. W. W. will write to you about that 150-year-old pattern. Am glad that you

## Quilt Club Corner To Be On Radio

WOULD you like to have letters to the Quilt Club Corner read over the radio? If so, write immediately so that they may be here in time for the broadcast which is at 11:45 every Wednesday over WWJ. Listen in for your own and others and then write and tell the Corner how you like this idea.

## CLEANS PANS C-L-E-A-N

S.O.S. removes every trace of grease, burned-on food and smoke from cooking utensils. It cleans kitchenware quicker and easier because S.O.S. (and S.O.S. only) has a special cleansing compound imbedded in each pad, which cuts the film of grease and speeds the scouring action.

S.O.S. is a vast improvement over plain steel wool, scouring powder, and everything else used for scouring. No waste—nothing to flush down the sink.
