

## BEAUTY IN THE HOME.

800 Designs for 49c  
More Popular Every Day

By EDITH B. CRUMB.

This department seeks to give assistance to all who are interested in beautifying their homes and will be glad to answer questions pertaining to interior decoration. In order to serve all who seek advice promptly no more than three problems will be discussed in any one reply. Readers are invited to write to this department as often as they wish, but to limit each letter to three questions. State your questions clearly, write only on one side of the paper, enclosing a self-addressed, stamped envelope, and address Beauty in the Home Department, Detroit News. Letters with their answers will be published for the benefit of all homemakers, but names and addresses will not be made public.

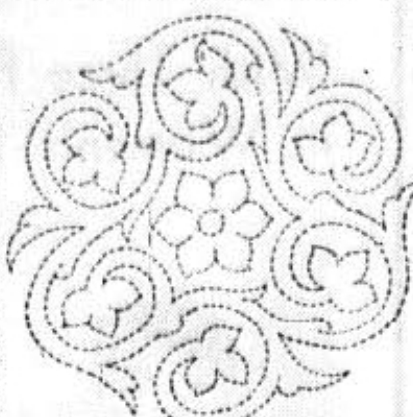

IS your kitchen all dressed up for spring and summer in every detail? If it has decorative motifs on the tea towels you may rest assured that nothing has been overlooked to give it that final touch that is so necessary to have it a really successful room.

In the large accompanying illustration are shown three motifs that would be attractive for tea towels, especially the upper and lower ones; and while that at the right side is not quite as appropriate it would be a very pretty one to use.

## FRENCH KNOT RIBBON.

The ribbon in the upper part of the illustration might be made with French knots, a simple etching stitch being used for the knife, fork and spoon. Just think! You could really finish one of these in an evening; and the same is true of the lower design. The leaves and stem of the flowers might be made with a running stitch, the little buds at the ends in solid embroidery and the rest in an etching stitch. The

design at the right is the easiest of all for it is so simple that it would allow you to finish three in an evening. The cost of three of these for a bridge prize would be almost nothing and yet if you were to buy them all finished, you would

and rub it with the bowl of a spoon or other smooth object. It could not be easier and isn't it a relief to get away from the bother of a hot iron in transferring.

find that they would "eat into your budget" and perhaps might not be considered.

In one of the smaller illustrations is a circular conventional design which may be done in a running stitch or it may be couched and would be attractive for almost anything on which you would wish to have a conventional motif.

## COUCHING EXPLAINED.

If you do not understand how to do couching you will find the directions for this in the Wonder Package among 21 other stitches which are illustrated and explained.

Of course, you know that each of these designs may be used 12 or more times and instead of just 800 designs in the package there are really several thousand and when you consider that the price of these 800 or more motifs is only 49 cents, aren't you just astonished? Everybody seems to be, for although every home-maker who sends for this package expects a good deal of it, it is far beyond her expectations and has proven a great success among those who wish to do their own decoration.

In the other small illustration is shown one of the 12 quilt designs included in the Wonder Package; and you will also find alphabets and plans for monograms. The designer of this package does not seem to have forgotten anything in the way of a decorative motif.

## SO EASY TO USE.

Do you know about how easy it is to apply these designs to paper, paint, metal, glass, pottery, rubber, oil-cloth, etc.? All you have to do is to dampen the back of the design,

## Wonder Package Paragraphs.

Oh! I am so glad that I bought that Wonder Package. At first I did not think so much about it, deciding to send in for one at the first opportunity and now I am sorry that I did not make an opportunity much sooner for I have only had it a week, and it certainly has come in handy. There just isn't any end to the designs, it seems, and I am so glad to have such a handy package in the house. I don't see how it can be sold for 49c.

The one thing in it that has been so useful is the various types of rose designs; and I picked out those that could be made up quickly and scattered them about over an organdie pillow cover. The organdie was white, the under pillow light blue and I made the flowers in rose, green and yellow. You just can't imagine how beautiful it is.

I have lots of bits of organdie in the house and I intend to make up a lot of small pillows this summer. When the pieces are not very large, I cut them in strips and join them with narrow insertion and then in each strip I will put two or three rose-buds.

MRS. K. L. W.

I think you are awfully nice to sit down and write that interesting letter about the Wonder Package and I know that there are lots of home-makers, just like you, who

Horoscope Quilt  
Patterns No. 26, 27, 28

THIS week, there are to be three leaflets of the Horoscope quilt instead of just one as usually issued. This is because on May 3, there is to be a leaflet containing the pattern for the "Trip Around the World" quilt and as so many were anxious to receive this before the completion of the Horoscope quilt, it has been prepared.

These three leaflets will be sent to you upon receipt of your request to the Beauty in the Home Department, The Detroit News, accompanied by a self-addressed, stamped envelope.

Watch the column next week for the notice of the "Trip Around the World" pattern and send for it as quickly as you can after you see it in order that you may be among the first to start this fascinating quilt. I know you will like it.

To receive these reprints from The Detroit News all you have to do is to send your request for it, accompanied by a self-addressed stamped envelope to The Beauty in the Home Department, The Detroit News.

If you prefer you may call for them at The Detroit News Public Service Bureau in either the Majestic Building or the General Motors Building where they will be given to you free of charge.

are finding many uses for this handy package.

## QUILT CLUB CORNER.

THE Corner is certainly getting more interesting every day and I get so much out of it that I shall have to make a book of "ideas."

I saw a letter in the Corner from Mrs. M. S. asking for a quilting pattern for the Double Wedding Ring. I do not know whether I am the one she referred to or not but I have sent out several of these to the club members and if she cares to write me or give her name in the paper will be glad to forward the pattern to her.

Hope "Ellen" lets us know how she gets along with her quilt. Have been wondering about the shrinking myself and probably someone will tell us of her own experience.

Am glad to see so many votes for the "Trip Around the World" quilt. Can hardly wait to get the pattern. Best of luck to all the members.

MRS. ARTHUR FISHER,  
Romulus, Michigan.

You'll probably hear from Mrs. M. S. right away, for she will want that quilting pattern. So nice of you to offer it to her and thank you for writing.

Shrinking of material does not seem to bother many of the Corner people, for there has been no mention of it.
