Golden Canary | Cold Cookery

See and hear the Golden Canary. He actually sings what and when his trainer tells him to. His trainer will also give you some helpful hints on how you can best take care of your bird.

"Cold cooking and economy in marketing" will be demonstrated by Miss Miller, a well-known authority, who is director of "Frigidaire's" Home Economics Department. Hear her this week daily, 2 to 4, in the Electric Dream Kitchen.
