furniture with all the atmosphere of the early 19th century. Most of the furniture was the good old "home-made" type, the simplest of style, void of decorative motifs, and in a way that only simplicity can achieve.

The style which used to be taken apart in the olden days, but in the home of today where there is no room for the commodation of furniture it may be left standing. Simple ladderback type with rush seats are very common. If it were necessary to place the table against the wall, there might be two or three chairs on one side and against the wall a settle could be built. This is very delightful.

the Dresden Plate nearly finished from The Detroit News pattern. I have never quilted yet but intend to try soon.

Will some one please tell me what size batting to use and what kind of material to use for the lining that is easy to quilt through?

I enjoy all of the letters in the Club Corner very much, also the radio talks and hope they will go on for always.

I called on Mrs. Carrow and Grand one day last week and they have some lovely quilts.

MRS. EUGENE LORRE,
529 E. Sibley St.,
Howell, Michigan.

Be sure to send in your enrollment blank for the Quilt Club, for you are certainly eligible.

I should think that either Grand or Mrs. Carrow could tell you about batting and lining. Perhaps someone else will write in also. Just watch the Corner.

I READ your Corner nearly every night and also listen to your broadcasts. I listened last Wednesday. I have made the Garden quilt from the News pattern.

MRS. J. MILLER,
8346 Kirkwood Ave., Detroit, Mich.

Happy to hear from you, Mrs. Miller and know that you read the Corner and listen to the broadcasts. The quilt about which you ask is not from a News pattern so I can not help with it. Sorry!

The Detroit News, Beauty in the Home Department.

Enclosed please find 36c for which I wish you would send me THE DETROIT NEWS WONDER PACKAGE of over 800 transfer patterns.
