

BEAUTY IN THE HOME.

# Board in Floor Recreation Room

EDITH B. CRUMB.

Give assistance to all who are interested in beautifying their homes. To answer questions pertaining to interior decoration, I advise promptly no more than three problems will be considered. Readers are invited to write to this department as often as they wish. State your questions clearly on a separate sheet of paper, enclosing a self-addressed, stamped envelope, and return it to the Department, Detroit News. Letters with their answers will be published in this column, but names and addresses will not be given.

Series of stories on the exterior and some of the interiors have been designed, built and furnished, and on display at the Detroit News.

of the recreation room as well as the solarium. So cleverly has it been planned that it has not only provided for the wish in the way of indoor recreation and at the same time affords guest room space. One would not mind placing a guest in a second floor recreation room, this location having the advantage of light and air over the room in the basement.

Three tints of yellow have been used for the walls, these being arranged in vertical planes, the lightest tint covering the larger portion of the wall space.

For the floor covering there is blue linoleum with an inlaid border of inlaid linoleum and also an inlaid shuffle board.

With windows on three sides of the solarium reaching nearly to the floor and equipped with Venetian blinds only there is every certainty that this room will be the most cheery one in the house.

The Venetian blinds are white with yellow straps, and the furniture, which is in the contemporary manner, has coverings in blue, yellow and gray.

Tall lamps equipped with indirect lighting flood the room with a pleasing glow and the ferneries give a balanced arrangement at the end of the room.

The card table shown at the left is very clever. The top is hinged and opens up to disclose a storage space.

## Horoscope Quilt Pattern No. 38

AND now Pisces, the last of the zodiac signs is ready for your border and then you will have an opportunity to send for a few quilting designs and then you will be able to finish your quilt. How do you feel about it now that it is nearly finished? Be sure to write a little note in to the Corner for everyone is interested in your quilt-making.

A reprint of this leaflet from The Detroit News will be mailed to anyone wishing it, upon receipt of request, if accompanied by a self-addressed, stamped envelope. Address Beauty in the Home Department, The Detroit News. Copies may be secured by calling personally at The Detroit News Public Service Bureau in either the General Motors Building or the Majestic Building. Pontiac residents may secure this leaflet at The Detroit News Pontiac Bureau, 412 Pontiac Bank Building.

space table top size in which all manner of game equipment may be kept. This does away with the necessity of keeping a desk drawer full of these accessories; for a permanent card-table set-up one could not possibly find a style more ideal. The chairs which belong with it, though small, have been designed with a view to comfort—which cannot be said of some card table chairs.

Tomorrow you will see another view of this recreation room which will have a novel mural treatment and one in which I am sure you will be very interested.

### Quilt Club Corner.

I AM ENJOYING your Quilt Club Corner so much and find it very helpful.

I have pieced one quilt and am finishing a Trip Around the World that was begun by an old lady in Bay City. She gave it to me when it was still a small square, about 24 inches wide, and I forgot how she told me to do it and it was over a year before my aunt came to visit and told me how to finish it so I am still on my Trip.

A friend of mine has started to make the Double Wedding Ring and she can't make it stay flat. Can some one suggest the reason for this? It has been done on the machine and I thought perhaps that was the reason. Possibly the seams are not accurate. If it was taken apart at the square corner blocks and made larger would that make it flatter?  
MRS. M. E. H.  
East Detroit, Mich.

Perhaps someone else had the same trouble with the Double Wedding Ring pattern as your friend and, if so, I am sure she will be only too glad to write to the Corner and tell how she remedied this. Just watch this column, and please write again.

I AM A young girl of 13 and would like to join the others in quilt-making so am sending in my membership blank.

I am finishing the top of my first quilt. It is the Maple Leaf pattern and I would like to know whether or

ready to be quilted is the Double Wedding Ring, but she is not going to enter it in the contest as part of it is done on the machine. I am doing mine by hand. Much luck to the column.

MARON DIAL,  
16561 Chereenne, City.

I am sorry to tell you, Maron, that your pattern is not from The News. Isn't that too bad for I would certainly like to have you enter one; and perhaps most of the work on your mother's is by hand with the machine being used for joining the large blocks. If so, why doesn't she enter it? I certainly hope you will write again.

I THINK I am a member as I sent in my name in the first days of the quilt Club though I missed ever seeing my note in the paper saying that you had received it.

I am in Canada for the summer now and still making quilt blocks, though these are not for a News pattern, but one I have had on hand for some time and I want to

## Radio Corner Hour Has Another Change

THIS week listen for the Quilt Club Corner Hour over WWJ at 10 o'clock Wednesday instead of 10:30. You will be notified later if this is to be a definite change. But don't forget to listen for the organ at 10 a. m. when "Seeing Nellie Home" will announce the "Corner" Hour.

finish it before I return to Detroit in the fall and start my Trip Around the World, which I am so eager to do.

I have a pair of Flower Garden quilts and one Dresden Plate all ready to go on the quilting frames when the weather is cooler in the fall.

The quilting ring is lovely and I believe I will get one when I start quilting.

Best wishes for the continuation of a most interesting Corner.

MRS. C. R. BISHOP,  
Pointe Pelee, National Park,  
Ontario, Canada.

Yes, Mrs. Bishop, your membership was filed on Nov. 3, 1932, so you see you have been a member for a long time.

Do try to get one of your quilts finished for the contest, which will be held about the middle of October. I am so glad that you wrote to the Corner, even while you were on your vacation.

## The Detroit News, Beauty in the Home Department.

Enclosed please find \$6c for which I wish you would send me THE DETROIT NEWS WONDER PACKAGE of over 800 transfer patterns.
