# Woodwork in Living Room

CRUMB.

To all who are interested in beautifying  
rooms pertaining to interior decoration.  
No more than three problems will be  
allowed to write to this department as often  
as questions. State your questions clearly,  
in a self-addressed, stamped envelope, and  
Detroit News. Letters with their answers  
will be sent to the address given.

Pink and light green create a very  
pleasant effect on a room such as that shown

is relieved by a very striking con-  
trast in a room which has wood paneling  
the wall may be wall paper with a gray  
background and soft green in the design  
scheme.

In the salmon pink found in the  
design may have green as the back-

this second scheme may be finished  
in a peach line.

In either of the schemes there  
may be cushions for the chairs,

these being covered in material to  
match the draperies.

### Quilt Club Corner.

IT IS several months since I wrote  
last to the Corner, but I don't  
forget to read it every evening and  
then I cut it out and save the letters.

I have had some very interesting  
letters from Mrs. Purcell, of Kokomo,  
and have had some delightful ones  
from a lady in Portland, Michigan.  
I love to write and hear from people  
and how I love quilts! If I could  
only spend more time on the ones I  
have started.

I have been trying to attend one  
of the sewing bees of the Quilt Club  
out Grand River way but have not  
been able to plan ahead for this. I  
would like to hear from other mem-  
bers and exchange quilt pieces with  
them.

MRS. CONSTANCE K. MURPHY,  
13650 Northlawn ave., City.

You must be very busy clipping,  
writing letters and making quilts,  
but don't wait so long again before  
writing to the Corner. I hope that  
you will be able to attend one of  
those neighborhood sewing bees  
soon, for the ladies seem to have lots  
of fun at them.

I HAVE just finished quilting my  
Flower Garden quilt (the first one  
I have ever made) and every one  
who has seen it so far has told me

to enter it in the Contest, so I am  
sending my name for membership  
and by the time it is held I'll try  
to bring myself to enter my quilt.

I wish I had counted the amount  
of thread I used just in applying  
the flower pots and flowers. In the  
quilting I used 700 yards of thread,  
not including that used for binding.  
I quilted around each flower and am  
thrilled at the beauty of it which I  
get when I turn the quilt over as  
every flower is quilted on the back  
of the quilt, making it as pretty on  
the back as on the top.

Now I want to ask you one ques-  
tion. Through so much handling  
(also the pencil marks used for  
quilting lines) it has become slightly  
soiled and if I enter it I do not want  
to wash it first as I know it won't  
look so nice (they never do after  
washing). Will the cleanliness of  
the quilts be counted or will they be  
judged by the work alone?

MRS. C. T.

Yes, cleanliness will be one of the  
points, but yours may not be as  
soiled as you think it is. Why not  
get a cake of magnesia, rub it on  
the soiled spots (thickly) then roll  
the quilt up for a few days and you  
will find that you can brush a lot  
of the soiled part away.

I know your quilt must be lovely  
and you must not hesitate about en-  
tering it.
