

A Corner Friend Offers Scraps to Some Quilter

By EDITH B. CRUMB

EVERY quilt-maker likes to feel that every little scrap of material is utilized, but last week I had a 'phone call from someone who had the same idea about scraps

it. This is the kind of a quilt-maker I would like to see receive the materials.

APPLIQUED ROSE MEDALLION QUILT

THE appliqued medallion quilt is a popular pattern and deservedly so because it is interesting and lovely when completed. And besides that it is a simple design easily assembled, and effective when made in colors that harmonize with the room furnishings. For winter pick-up work, here is a pattern that is just what you want. Send for it today.

The catalogue number is ID44:

To procure this leaflet send your name and address and five cents postage—giving catalog number—to The Detroit News Public Service Bureau and it, with any four others you select, will be mailed to you unfolded to fit the new holders. Or you may call in person for them at The Detroit News Public Service Bureau in the main building at Second and Lafayette, or the branch offices in the Majestic or General Motors Buildings.

although she was not a quilt-maker. Mrs. R. B. Beauchamp, 13118 Monica avenue, Detroit, told me that she had quite an amount of silk scraps and also some scraps of cotton material and she wanted to know if I knew of a quilt-maker who needed some materials for quilts and was not in a position to buy them.

UNFORTUNATELY I have no list of names covering this need so I told Mrs. Beauchamp that I would put a little note in the paper and ask any one who wished to make a request for the scraps to write to her.

She does not think that there is enough of either kind of material for an entire quilt but perhaps someone has a quilt started and has had no money to buy material to finish

JUST drop Mrs. Beauchamp a line and tell her about your quilt-making. She will be glad to hear from you. I have asked her to let us know what response she has, for I think it is always interesting to know what happens when an offer of this kind is put in the paper. Aren't you?

Please do not ask for the mate-

rials if you are in a position to buy some for yourself. Let's leave them for someone who is really in need of them.

I think that it was very generous of Mrs. Beauchamp to make this offer and she will be very happy if she feels that her scraps are making someone contented.

HAVE YOU PATCHES?

Dear Miss Crumb: I listen for your Quilt Club of the Air every Monday. I would like to exchange quilt patches with some of your members. Patches must be seven-by-seven inches. Thank you!

MRS. EARL H. SCHAFER
305 Tecumseh St.,
Dundee, Mich.

Mrs. Schafer must be collecting patches for a certain pattern, so be sure that the ones you send her measure seven-by-seven inches. She will be glad to hear from you, I am sure. Mrs. Schafer is a new member and we are delighted to have her name on our long, long list.
