## Quilter Designs Basket Block

Here is Mrs. Woods with the lovely basket quilt which she designed and made in gold, blue, pink and yellow on an ivory background.

## This Design Is Appliqued on Deep, Ivory Background

By EDITH B. CRUMB

MRS. JENNIE WOOD, 17089 Henry street, Melvindale, has made quilts for years. In fact during the last five years she has made 15 quilts. One of her favorites is this in the basket pattern which she designed.

The background is just off-white, the baskets are bright orange (to represent gold), and the flowers are blue, pink and yellow, the leaves being green.

THE baskets are outlined in a running stitch in black and the flowers are finished in a blanket stitch in black.

On the sides of the quilt the baskets are arranged to stand upright instead of sideways.

Mrs. Wood started this quilt (which she has bound and is to use for a spread without having it quilted), just after last Christmas and finished it in October. Of course, she only worked on it during her spare time.

ALL shades of this quilt are finished with points and in each point is a flower like those in the basket instead of having all flowers the same color, some are pink, some blue and others are yellow. The binding is orange to match the baskets.

Mrs. Wood went to the Detroit News Quilt Show last year and we hope that she will come to the next one and send in all 15 of those quilts which she has made.

### Big Birthday Month

Mrs. Lettie McIntyre, 21015 So. Farmington Road, Farmington, Michigan says that the members of the Du Mor Club of Farmington are planning a family get-together this Saturday as there are five birthdays in their group this month as well as the wedding anniversary of their president.

Mrs. Gertrude Young, 2423 Cabot avenue, Detroit, is the president

and her birthday is November 22. It should have been included in the list last Saturday; but we hope that she has just as happy a day as if it

### Queen of the Coop

WASHINGTON, Pa., Nov. 19.—(P)—Old age overtook a hen that ruled Mrs. L. M. Swihart's coop for 16 years. She said the reason it escaped early death was that it was a special hen—it had 17 toes instead of the usual eight.

## Fashion's Forecast

By YVONNE

Small daughter who has become very style conscious these days, will love this Scotch plaid wool pantee dress amongst her Christmas gifts.

She will look adorable in the princess dress. It fits her figure quite snugly down to the waistline and flares so cunningly at the hem.

The white linen Peter Pan collar and turn-back cuffs favor dainty scallops because scallops are so fashionable in the grown-up model.

The dress fastens right down the front with buttons. It will make her quite an independent individual. She can slip into it and adjust it all herself.

Plaid gingham, challis prints, wool jersey, velveteen, etc., are other popular material she'll like.

Another suggestion is the pattern and the material in a Christmas box.

Style No. 3182 is designed for sizes 4, 6, 8 and 10 years. Size 8 requires 2½ yards of 35-inch material with

3182

½ yard of 35-inch contrasting for dress with 1 yard of 35-inch material for separate pantee.

The Detroit News Fashion Service offers this pattern for 10 cents by mail only. When ordering, address Detroit News Pattern Department, give size and number of pattern, name and address and inclose 10 cents. Patterns will be sent by mail only. Mince pies can be made two days prior to serving and reheated when time to serve. For variety sprinkle or thinly slice cheese over the top of pie. When heated, the cheese melts.
