## BRIDAL BOUQUET QUILT CORNER SCALLOP

Here we find the pattern for the corner scallops and the small bouquet which is placed at the intersections of the lattice and also at the points of the scallops.

The leaves in all of these bouquets should be alike, but the flowers may vary in their color schemes.

The little lines in the leaves may be embroidered with deeper green or they may be designed by quilting.

The little dots in the centers may be of French knots, which may be yellow or green, depending upon the color which has been selected for the flowers.

It would be a good idea to have all of the corner flowers alike, although this would not be necessary.
