

Club Member Originates Interesting Quilt Pattern

By EDITH B. CRUMB

WHEN Mrs. Mae Stanley, R. F. D. No. 1, Box No. 386, Royal Oak, decided to make a quilt she wanted something different. The result was a State Quilt.

What Mrs. Stanley wanted was a quilt made up of blocks, each contributed by someone living in a different state. So she began to look at the addresses of Quilt Club members who lived out of Michigan and wrote to them, offering to exchange anything for a block.

After writing to a few quilters, she found they in turn gave her the names of others and the first thing she knew she was corresponding with some woman from each state.

Soon the quilt blocks began to arrive and even though they were all patterns and colors, the blocks were the same size, so the top went together quickly and easily.

In the illustration is part of this quilt showing blocks from Nebraska, Mississippi, Colorado, Tennessee, Massachusetts, Georgia, Louisiana and Florida.

In exchange for the blocks Mrs. Stanley was asked for patches and handkerchiefs. She has taken a great deal of pleasure in reading the letters from her new friends and she intends to keep up her correspondence with them.

She has just moved into a new home and has been too busy to do much quilting or writing, but this fall and winter she plans to catch up.

We hope that even though Mrs. Stanley is living in Royal Oak she will still be able to come in to the meetings on Friday afternoons.

Mrs. Ethel R. Lawson, 17601 Prest avenue, has written to tell us she thought the News quilt show was such a success and Convention Hall such a nice place to hold it. She looked and looked and felt dizzy, she said, from seeing so many quilts. Mrs. Lawson also said she was the first person to pick up her quilt after the show.

Mrs. Eve Marcus, 1217 W. Philadelphia ave., writes this card to us: "Dear Miss Crumb: I was spell-bound by the quilt made of the comic paper characters shown at The News quilt show. A woman next to me kept saying over and over again, 'What attention to small details!' My time was limited but I admired the countless tiny curls and the little green wool sweater as well as the complexions and all the tiny artistic details such as ties, buttons and hair, and I could only wish I owned it."

YESTERDAY at the Quilt Club meeting the large quilt frames were put up and Mrs. Marian Ridler, with the help of several other quilters adjusted the friendship quilt

for and which is to be given to Mae Mancuse.

Mrs. B. R. Moore was the originator of this idea and Mrs. Ridler was right there to carry along with her. This quilt will be on the frames for any one to work on every Friday afternoon.

Those who joined the Quilt Club yesterday were Mrs. John Dickson, 905 Berkshire Road, Grosse Pointe Park; Mrs. Roy Duprey, 2631 Central avenue; Mrs. J. F. Sutherland, 2546 Casper street, Mrs. Marie Seger, 5457 Baldwin avenue and Mrs. Frank Rossman, 5346 Bewick avenue. The visitors were Mrs. Walter Conway, 2095 Twenty-second street, Wyandotte; Mrs. Charles Johnson, 2095 Twenty-third street, Wyandotte and Mrs. Mae Morin, 484 St. Clair Ave., Detroit.

Mrs. William Henry Blair brought a doll-sized quilt to show to every one and Mrs. Ridler has suggested that some of these be made for the Carillon Bazar.

Sigma Delta Chi

SIGMA DELTA CHI will hold a Halloween party this evening in the summer home of Mae Roth on Eliza-

Spanish oranges are apt to be most practical for orange juice. The larger sizes, or the first two sizes in the medium orange are useful when served in halves. Never buy old oranges mixed in with new oranges. Old oranges should always be sold at a concession in price.

Grapefruit are packed and sold as oranges are:

Large grapefruit: 36, 46, 54 to a box. There are 3 sizes designated as large grapefruit.

Medium grapefruit: 64, 70, 80 to a box. There are 3 sizes designated as medium grapefruit.

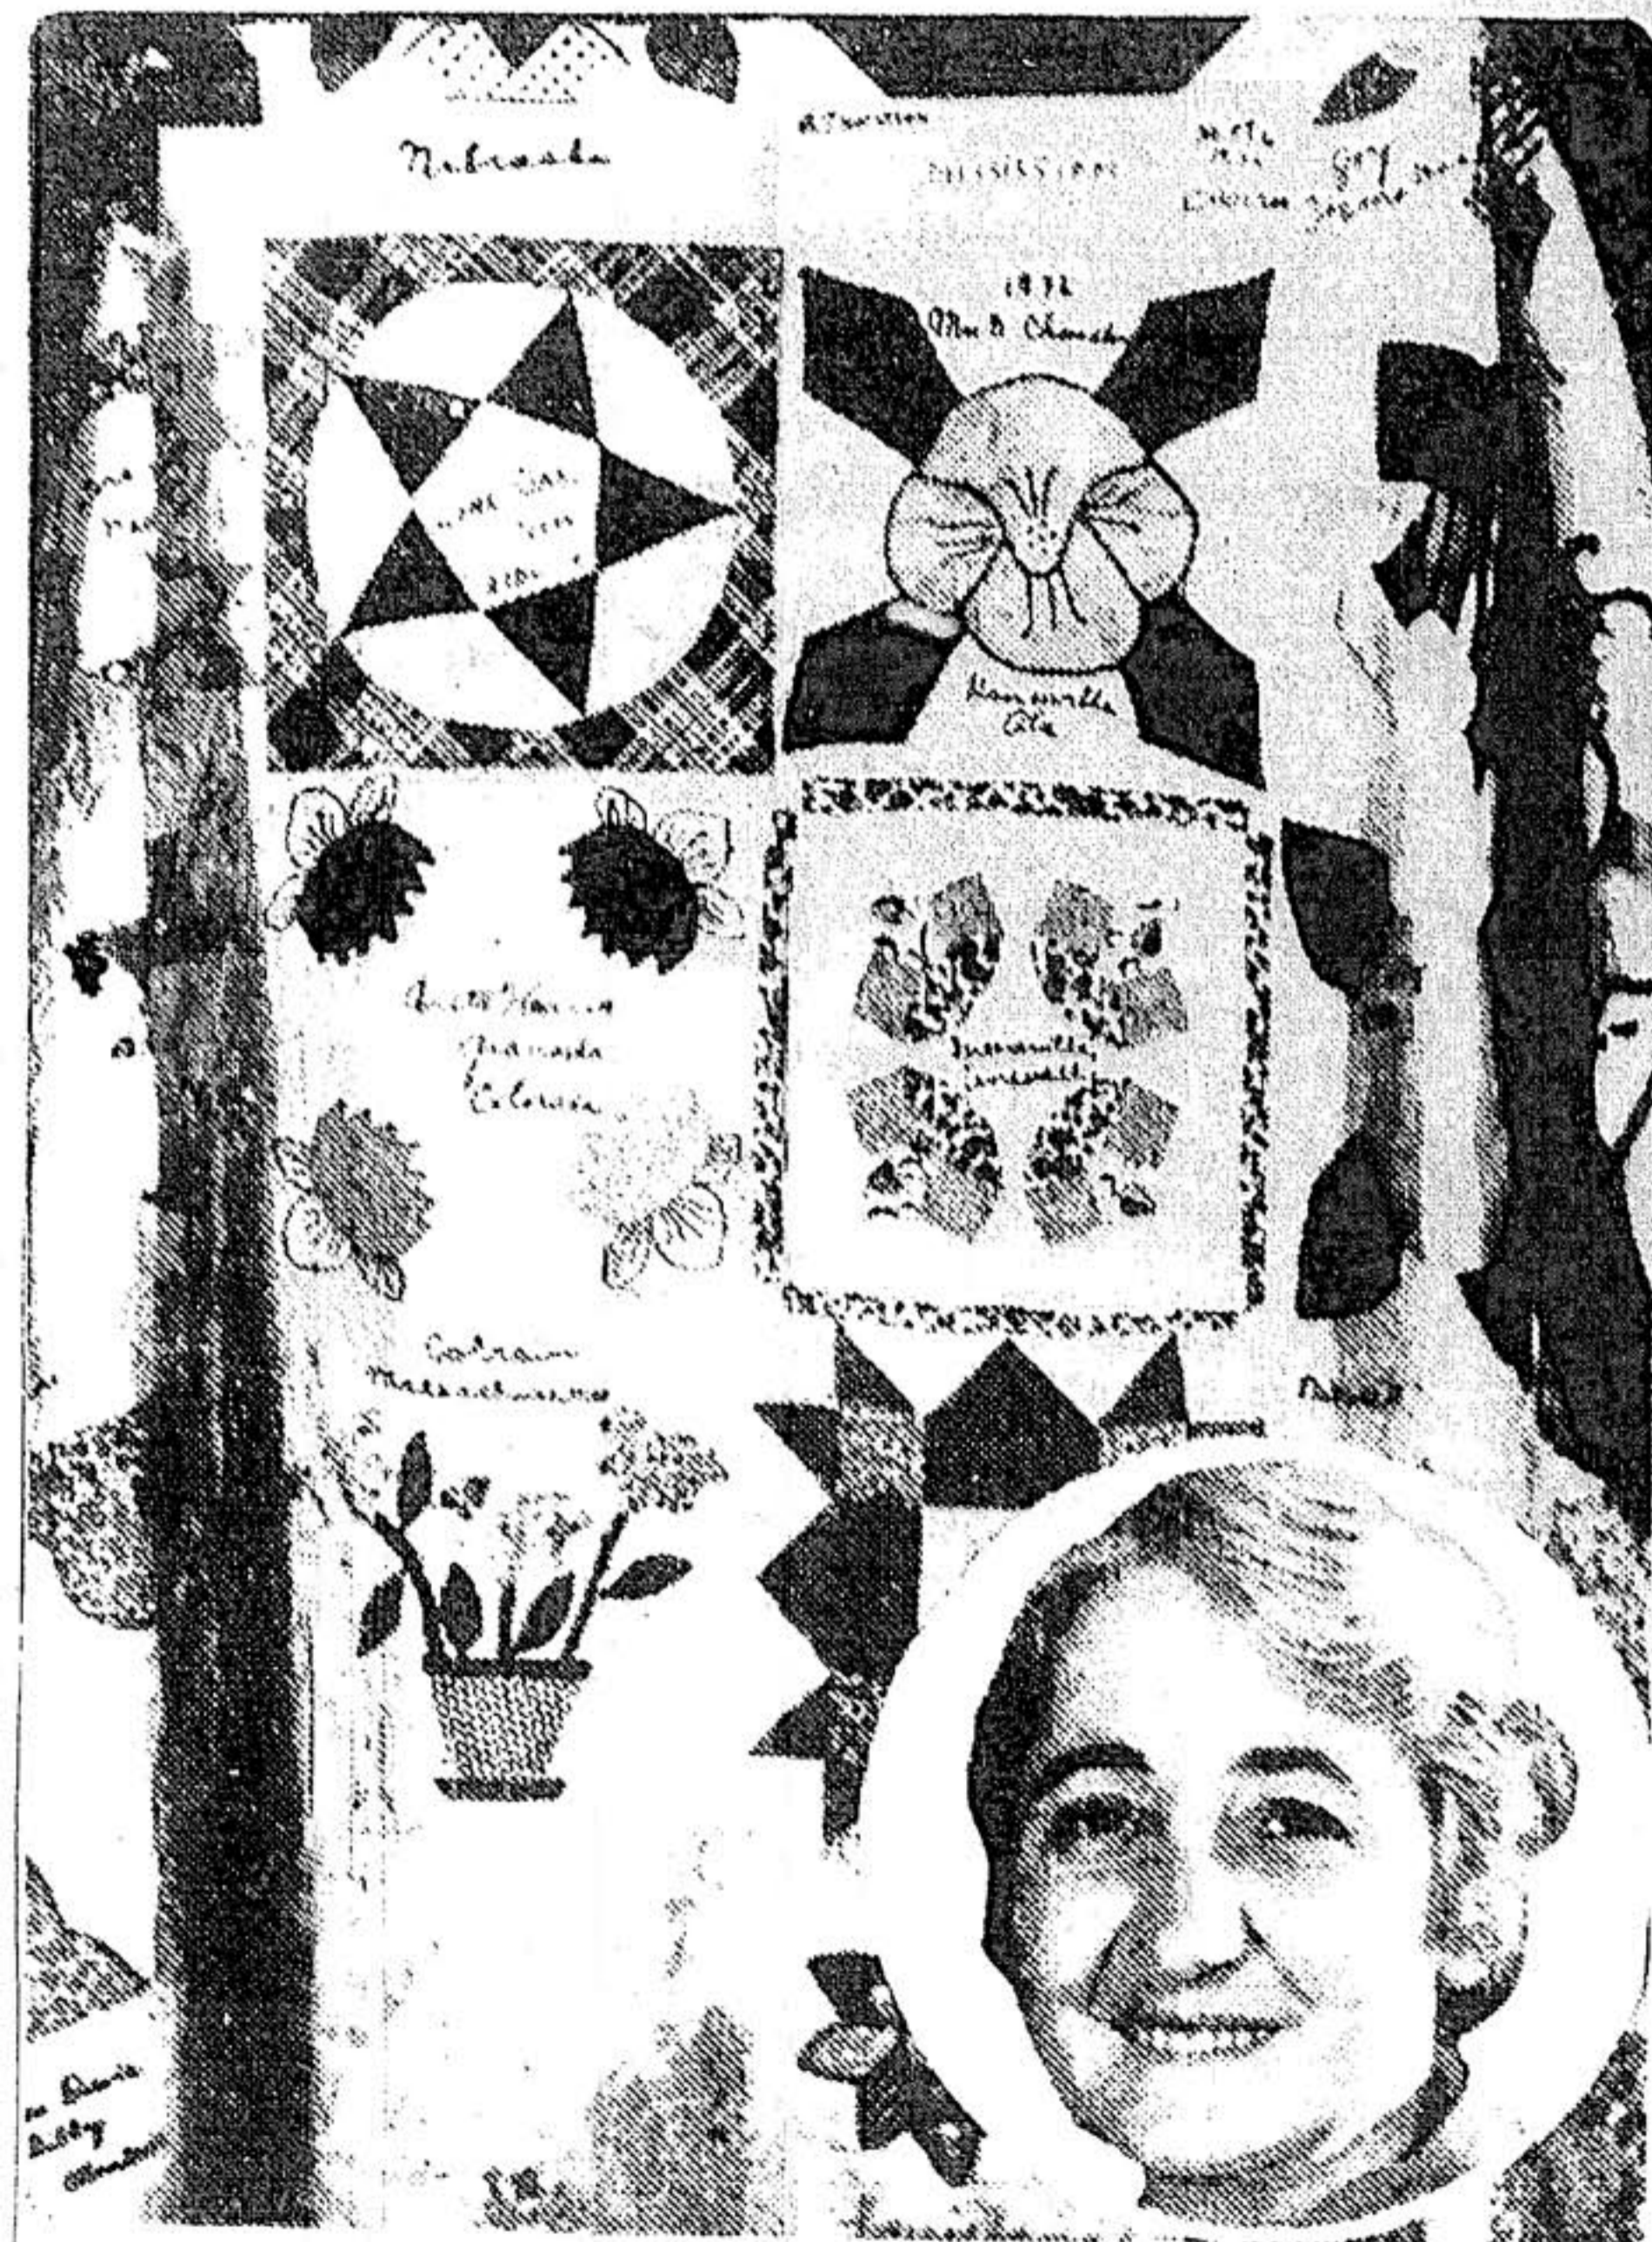

Small grapefruit: 96, 100, 126, 150 to a box. There are 4 sizes designated as small grapefruit.

Use, rather than spend your money, by knowing what you are paying for and make your dollar go farther.

Delta Theta Tau

DELTA SIGMA CHAPTER of Delta Theta Tau will hold a keno party Nov. 5 in the Arabian Room of the Hotel Tuller. Mrs. Harry C. Brown, chapter president, will be general chairman.

Block From Every State

This shows a portion of the quilt top which Mrs. Mae Stanley, R.F.D. No. 1, Box 386, Royal Oak, calls her state quilt. Each block is from a quilter in a different state and there are no two alike. The only specification that Mrs. Stanley made was that all blocks should be the same size. The designs and colors were left to the decision of women making the blocks.
