

Problems—Features for Women

A Call to Work

NEEDLES FOR DEFENSE

CALLING EVERY woman who will help in the fight for freedom—every woman who is willing to use her needle for defense. There is work to be done.

That tiny needle and fragile bit of thread may seem like a useless weapon against the giant bombers

which bring death and destruction, the capital battleships which threaten American possessions.

BUT—a gunner on a battleship whose feet are warm is in better shape to work for America than one whose feet are cold, and a sailor with a warm sweater is bound to have more confidence than one who shivers in the icy wind.

Cradle Roll

THE children whose names are printed below are new members of The Detroit News Cradle Roll.

To enroll your child and receive **YOUR BABY'S FIRST YEAR** booklet, written by Mrs. H. S. Mollary, send baby's name, date of birth, parents' names and address, and inclose 10 cents.

- Gerald Lawrence Larsen, 14891 Prairie avenue.
- Richard Louis Ruedisueli, 13680 Cedar Grove avenue.
- John Everett Wright, 2739 Stone street, Port Huron.
- Patricia Carol Dudas, Riad avenue.
- David Eugene Saxton, 7340 Goethe avenue.
- John Grant Naylor, 5074 Fernwood, B. 5, Detroit
- Gail Patricia Patrick, 25579 Ivanhoe, Redford Township.

- William Robert Smith, 155 Ferris street, Highland Park.
- Robert Jay Sleetsky, 3741 Collingwood avenue.
- William Roy Isenberg, 15529 Woodward avenue.
- Alan Dodd Rosen, 3019 Sturtevant avenue.

FLYING AN AIRPLANE is a vital job in the defense of America, but right NOW, women aren't flying airplanes. Right now, however, women can knit helmets to keep pilots warm and make flannel pajamas for wounded pilots in Army hospitals.

RIGHT NOW, you and you and you can't man the ships or drive the Army tanks, but you can keep up the morale of the men who do, by sending them the comforts they need and want.

That is why The Detroit News has organized the Detroit News Needles for Defense Club which will make it as easy as possible for every one to help.

This club will try to iron out all the complications. It will give out the work to its members and tell them just how to do it. The official Red Cross specifications will be followed.

In order to join The Detroit News NEEDLES FOR DEFENSE CLUB by filling out and mailing the coupon on this page.

Then watch these pages for your first work assignment. The Detroit News will distribute tasks to be done. There will be, in time, a job for everyone. Just how to do the work will be described on these pages.

But today mail in your membership coupon so that the Needles for Defense Editor may know whether you want to knit or sew for Uncle Sam.

Needles for Defense

WOODWARD AT STATE

our famous

Tramp-alongs in

Crocodile Calf

Crocodile calf . . . rough, knobby, so authentic that it would be welcomed into any crocodile habitat . . . yet soft and pliable as are all of our famous Tramp-alongs. In a beautiful, honeyed shade, with open heel, open toe, wide welt sole . . . this shoe is a fashion-success.
