## BOOK OFFERS QUILT DESIGNS

A new quilt book with 16 prize designs is being offered by The Detroit News to its readers.

For the first time, a presidential quilt pattern has been reproduced from the heirloom design in the Smithsonian Institution in Washington. The 118-year-old emblem has never been released for reproduction before.

**JAN 28 1964**

The book contains 16 new and traditional patterns, comprising a collection never before made available in one book.

Complete instructions, blocks charts, and even fabric ideas are given in the book, which may be obtained by sending 50¢ to The Detroit News, Needlecraft Department, P.O. Box 161, Old Chelsea Station, New York 11, N.Y.
