## Finishing Stitches Put on Double Wedding Ring

By EDITH B. CRUMB.

DOWN in New Boston, Mich., there is a Ladies' Aid Society which is divided into two committees called contest committees and each one tries to earn the larger amount of money for the church indebtedness.

Now these committees do not meet together but have one regular meeting each month and have a quilt on in one of the homes most of the time—sometimes two at once. The sessions usually last all day and there are pot-luck dinners, not

Flower Garden. I am very anxious to see the new Aeroplane quilt pattern.

I hope to be able to get to the exhibit this year.

There is no reason why you cannot enter the Dresden Plate quilt in the exhibit and if the Flower Garden is from a News pattern be sure to see that gets in too. And who knows, perhaps you will have

And here is Claude, who sees to it that every New Boston quilt-maker receives her Detroit News Quilt Club Corner right on time.

to mention lots of chatting, which just belongs with quilting.

Mrs. Ada B. Schaller of New Boston sent this picture and told this little story.

The quilt on the frame in the picture was made for Mr. Gordon Pliant by his mother, who lives in Texas and whom he has not seen for four years. She sent it to him for his Christmas gift. He wanted to send her a picture of it and so when it was in the frame he took one while it was being quilted.

Another very important person in quilt-making in New Boston (although he may never have taken a stitch in his life) is Claude Anderson, aged 14 years, son of Mr. and Mrs. Charles Anderson. He has been a Detroit News carrier there for over four years. And because Claude can be depended upon, there is no worry about the Quilt Club Corner being a part of the reading of every quilt-maker in New Boston.

I wonder which committee will have the larger sum of money when totals are compared. Don't you?

From Toledo, Ohio.

You have no idea how interesting the Club is to me. I have two quilts in the making, the first one being a Dresden Plate and the second a

down and sent you a few patches. Mrs. Greenfield, for if that is all that is keeping you from finishing your quilt for the contest, I should not like to think that you would not be able to do it.

### Blocks to Exchange.

Dear Miss Crumb: I have started an Album quilt and already have several blocks from friends and relatives. I would like to exchange blocks with some of the members; either the Album pattern or some other, or I will send pieces for a block.

I lent my pattern, so I have not been able to make an Album block

for Gran, but I will make it as soon as I receive the pattern.

I surely enjoy reading the letters and listening to the broadcasts. I am sending in the name of a friend who would like to join the Quilt Club Corner.

MRS. CARL HJERPE,  
19009 Wormer, Detroit, Mich.

Thank you for sending in the name and also for writing that nice letter to the Corner. Letters are as welcome to us as patches are to a quilt-maker.

Those Album blocks and patches are flying back and forth at a great rate and I imagine that there will

be a large friendship section in Contest. Don't you?

In making gelatin desserts of fruit juice instead of water be used, then flavor the mixture contrast with or intensity it.

## "Good Tea"

IS NOT EXPENSIVE

"Really good tea offers a delicious goodness that always satisfies. And good tea goes farther... it gives you more tea better cups per pound. Next time you buy tea, select a package of India's Black tea. To get it, look for the trademark on the package. It's the tea you buy."

There's more to it.
