it won't take her long to get well.
She simply has to get better by
Sunday for then you will see her in

She is starting to check in some of
those who are bringing in their
quilts for entrance in the quilt show.

FROM QUILT CLUB SISTERS

DEAR MISS CRUMB: Just a few
more weeks and then the big show!
We wonder if every one is having as
good a time getting ready for it as
we are. Yesterday we put the last
stitches in our Laurel Wreath top
and in a few days we will leave for
Algonac and start out quilting
again. The doors will be closed un-
til we come out with the finished
quilt. A pieced top is in the making
and we hope to have it ready for the
show, too.

We don't see how any one has
time for anything now but quilts.
We met so many lovely people last
year and hope to meet many more
this time and let us say here that

we will have patches for anyone
who would like them. We must tell
you a little secret. When we were
quilting the Rose Medallion, I
missed my sister, Mrs. Galton, one
day, and finally found her lying on
the floor under the frames looking
up at the stitches on the back of
the quilt. She certainly was going
to make sure that our stitches were
all right underneath as well as on
top.

Here's hoping this is the biggest
and best show yet and don't forget,
Miss Crumb—be sure to get in touch
with the weather man and tell him
we must have fair weather for those
three days so the out-of-town folks
can get here. You know, it would
not be a quilt show without "Gran."
Come on, everybody, let's make our
best quilts this year.

Best wishes to everyone and lots
of good luck to the busy quilters.
**MRS. EMMONS GALTON,
MRS. ARTHUR FISHER.**

You never saw anything like the
way these sisters make quilts. When
they decide to make a quilt they
concentrate on it and nothing else
counts until it is finished. I don't
know how many they will have to
enter—three at least—a Rose Me-
dallion that they mentioned and I
don't know what the other one is.

After all, the wrong side of the
quilt is very important. I always
look at both sides carefully and if
the wrong side looks as well as the
right side there is no doubt about its
attractiveness or good workman-
ship.

As for the weather, we are all do-
ing all we can to get first quality
sunshine for those three days and if
you have any influence I hope that
you will do something about it.

About Neighborhood Club

**DEAR MISS CRUMB AND BEA-
TRICE:** I have been so busy can-
ning, but always listen to your
broadcast. Mrs. Mohn and I have
not started our neighborhood club
yet, but I would like to do this the
first of next month when the can-
ning season is over. I know of six
ladies who want to join and I think
that Mrs. Mohn's name a nice one
for our club. I want to come to the
quilt show this fall if I can. I have
seen all so far. I am going to make
the Laurel Wreath this winter.

**MRS. SUSIE SPAULDING,
202 Cook Ct., Durand, Mich.**

I hope that you get your quilt club
started soon, for I know you will
have lots of fun at your gatherings
with your pot-luck lunches and ex-
change of patches.

The Laurel Wreath which you in-
tend to make is a very lovely one.
When you see quilts made from this
pattern at the show, I know you will
be glad you decided to make it.
