

Gay Prints Are Used in This

Mrs. Hopkins planned the color scheme of this quilt so as to use four different tones of prints. The bonnets are quilted in a diamond lattice pattern and trimmed with Lazy Daisy flowers.

DEAR MISS LEEDS: I have a round face and low forehead. I have been wearing my hair off my forehead with a soft curl in front of each ear and the back hair in ringlets. My hair is parted on the left. Please suggest a different coiffure for me. (2) I am 18 years old, 5 feet 2½ inches tall and weigh 112 pounds. Is this correct? (3) Does it harm the face to rub it well with soap while washing it? (4) I have dark brown hair and eyes, and my skin is medium. What colors should I wear? Am I too young to wear black and white? (5) Does standing with more weight on one foot than the other widen the hips? (6) Does wearing sandals broaden the feet? — EMMA.

You might try brushing your hair straight back from your brow omitting the part. A coronet braid would give a new look to your hair-dress also.

(2) You are several pounds below the average weight for your age and height, but if you are a naturally slim build your present weight is probably correct.

of a heavy curling fluid would also help you keep the curls in better.

DEAR MISS LEEDS: I am 25 years old, 5 feet 4½ inches tall and I weigh 117 pounds. My complexion is very dry and I would like to know what sort of care to give it. I use cleansing cream. — L. L. M.

The average weight for your age and height is about 129 pounds. Your complexion would improve if you would gain about 10 pounds. Send for my leaflets, "How to Gain Weight," catalog No. BA63. If you have any defect in health like decaying teeth or diseased tonsils, have them attended to. Be sure to have eight hours of sleep each night; there is nothing like sufficient sleep to improve a skin like yours.

Try to drink a quart of milk a day. Ask your doctor if you should take cod liver oil or halibut oil. Be sure to be out in the fresh air at least one hour a day. As to local skin treatments, continue with the cleansing cream.

Detroit News Quilt Club Pins Ordered for Members

By EDITH B. CRUMB

FRIDAY was not scheduled as either souvenir day or birthday party day for the Detroit News Quilt Club, but before the 66 members who attended had fairly assembled, it became evident that it was going to be both.

First, there was Mrs. Ivy Dunham, 12025 Turner avenue, who had brought a tea cozy which her mother made over 50 years ago. It was an elegant creation of satin and velvet and embroidery, with a wide edging of crochet, and it was coveted openly and unashamedly by more than one Quilt Clubber.

Also was the new quilt, in fan pattern, which Mrs. Edna Draper, 1766 Canfield avenue, had just finished, and which was displayed during the afternoon on the walls of the Home Institute exhibition room, where the club now meets regularly.

Although most Quilt Clubbers have been knitting recently, Mrs. Mary Stroblin is remaining a quilter and is now well on her way with her "Steps to the Altar" pattern.

Mrs. Elsie Sullivan, of Warren, who has just finished her Goodfellow sweater, has now returned to the ranks of quilters, and started an applique panel quilt. She brought the pattern for everyone to see, as well as a gay red sweater, knit for a boy of 12 years, and all done up in cellophane.

Mrs. Addie Brennan, 6001 Stedman avenue, East Dearborn, is the proud owner of a tablecloth which has a wide crocheted border, which required 40 spools of No. 60 thread.

Before the afternoon was over, one birthday was discovered, and brought the chorus, "Happy Birthday, Mrs. Cowper" from everyone.

There was an important announcement for members: Pins have been ordered for the club and are expected momentarily.

EVERY stitch in this Sunbonnet Baby Quilt is done by hand except those which join the blocks and Mrs. Ethel Hopkins, 624 South Rademacher Avenue thinks that this method of joining keeps the top from ripping when it is put on the frames.

Mrs. Hopkins made this quilt for her daughter, Betty, who is a young lady. Betty liked the quilt so well when she saw her mother working on it that she teased and teased for it until it was promised to her.

The background is of unbleached cotton and there are four different colors of prints used in the dresses and bonnets, some being yellow, some green while others are pink or

Farmer Boy quilt and has cut up a red bandana handkerchief to make little handkerchiefs for the pockets which the little Farmer Boys have. They will wear blue blouses of different print designs and the overalls will be bright blue.

Juvenile designs seem to interest Mrs. Hopkins more than any other kind and now we hope that she will make a quilt for her little grand-daughter from our Mother Goose series of patterns. And if the little grand-daughter isn't careful, Mrs. Hopkins' daughter, Betty, will get that quilt away from her for she doesn't think you have to be very young to have this kind of a quilt.

Cornelites' Birthdays

Here we are with seven names on the birthday list today, but wait until you see the long list we will have next week—at least eleven so far and perhaps more will arrive before then. In the meantime here are some members which you may make happy by sending a cheery greeting.

Sunday's Radio Dinner

Tomato Juice Cocktail
Rump Roast of Beef

Franconia Potatoes

French Fried Onions

Lettuce Salad Russian Dressing

Hot Rolls Butter

Fig and Ginger Pudding

With the holiday dinners looming so close to us, let's make use of our less expensive foods so that we can do things in a big way for Thanksgiving.

Franconia Potatoes

Pare the potatoes and cook in boiling, salted water for 10 minutes. Drain. Place in a greased baking pan and brush over with melted butter. Bake in a moderate oven about 40 minutes, or until tender. Baste about every 15 minutes with additional melted butter.

The potatoes may be put in the roasting pan with the meat and basted with the fat in the pan.

French Fried Onions

Onions, ½ cup milk, ½ cup water, 1½ cups flour, ¼ teaspoon salt, 2 teaspoons baking powder, 1 egg, ½ cup milk.

Cut the onions into quarter inch slices, separate into rings, and soak them in the milk.
