## *500 House Plans Published by News*

During the last 10 years The Detroit News has published more than 500 house plans for five, six and seven-room homes.

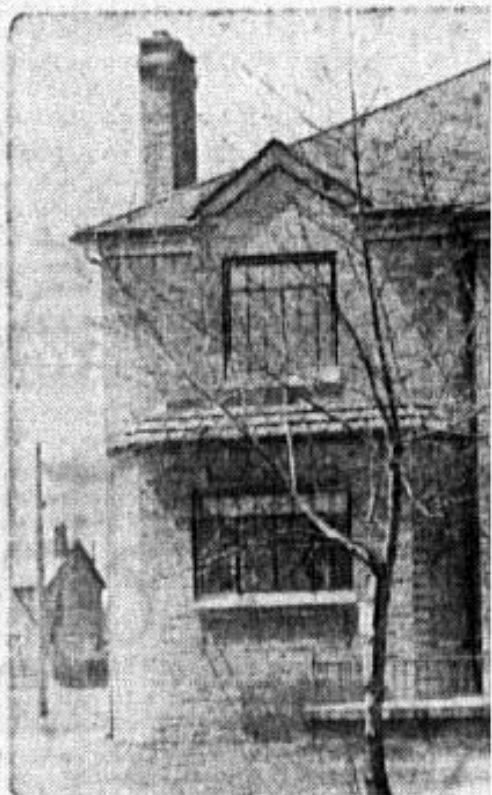

These plans have been reprinted in loose leaf form for the convenience of readers who are contemplating or actually planning to build a new home.

Such number of reprints as are desired can be selected from samples, numerically arranged, which are on display at the main office, Second and Lafayette; at the Majestic office, Woodward and Michigan, or the General Motors Building office. There is no charge for these reprints.

Blue prints and building specifications for any of these plans can be secured through The News at \$5 a room.

ified a maximum of not more than 15 years' maturity.
