Dear Mary,

I was so glad to hear from you, but disappointed about the quilt.

I wonder if you have the pattern number, if by any chance I could get the pattern?

I don't have too much time to make quilts as I market Research work but love to make them, and I'm looking forward to the time when I can have time for fancy work.

My mother-in-law used to make quilts & quilt, that is how I got started, she was from Selmaney.

My mother died when I was 2 1/2 yrs. and a cousin raised me, she didn't do fancy work

so didn't learn much when I
was young.

Now I'm 56 yrs old, and I lost
my foster-mother in May.

Where is Hazel Crest, maybe
some day I could drive down
and see your quilts, and
meet you, you do beautiful
work for some one your age
the quilting was beautiful
I'm wild about things used years
back, I'm always looking for
something old (need much but tho).

I thank you for answering my
letter.
