"TEA-FOR-TWO" IN SILHOUETTE

A NARROW black frame would be a very good choice for this silhouette. It should be proportioned so as to leave an even margin all around the outside of the line enclosing the tea ladies.

In order to be certain that the

silhouette will be smooth and without any wrinkles it would be a very good idea to paste it firmly to a stiff piece of cardboard and press it beneath a heavy object until it is dry.

This department has recently published another very attractive silhouette entitled "Coach-and-Four" in silhouette and anyone wishing

this may have it by sending her request for it to the Beauty in the Home Department, enclosing with it a self-addressed stamped envelope. Please be sure that the envelope measures at least six by nine inches so that the silhouette will not require folding which will spoil it for framing.
