No. 489. Funny little nursery animals and gay patches from the scrap bag make a patchwork quilt which will delight the heart of any youngster. Use plain pink, blue or yellow for triangles, and embroider animals in simple outline stitch in strand cotton. 52 outline motifs, Blue transfer, 25 cents.

No. 489. There are 52 outline motifs in the pattern for this colorful patchwork quilt.

SCRAP BAG GEOMETRY

BY ELISABETH BLONDEL

483

489

GEOMETRIC patches have been used from early times in quilts. Time has seen the idea developed — and now, for the scrap bag full of bright-faced modern prints, the present day furnishes such sparkling effects as the "Jeweled Wedding Ring" quilt (483). The "jewels" in many colors, from the scrap bag, dot the large rings, which may be any desired color. For a child's room a menagerie-ful of outline animals are caged in bright-hued hexagons from the scrap bag. These, against pink or blue triangles, make a delightful quilt (489).
